
GENUS POWER INFRASTRUCTURES LIMITED

Receives BIS Certification for Smart Meters

Genus Power Infrastructures Ltd, has received BIS certification for its Smart Meters, the only smart meters to have received this certification.

This certification is a testimony of our technical capabilities, strong evidence of the product quality and assurance of consistency in quality of the product and service with timely delivery.

This is a significant milestone for Genus which will enhance our market position as a technologically advanced meter supplier.

At this **Mr. Jitendra Kumar Agarwal, Joint MD commented**, “We are pleased to have accredited BIS certification. This validates our capabilities and reiterates our position as a supplier of technologically advanced meters. This would go a long way in strengthening our relationships with our customers, as they are assured of the product quality and would influence our customers decision making.”

About Genus Power Infrastructures Limited

Genus Power Infrastructures Ltd, started in 1995, is amongst the largest players in India’s electricity metering solutions industry, with ~27% market share. Company is market leader in various kinds of meters and has developed ‘smart metering solutions’, with in house R&D centre. Company also has engineering, construction, and contracts (ECC) division which complements the existing meters business. Company has manufacturing plants across Jaipur, Haridwar and Guwahati with a total installed capacity of over 10 million meters.

Our key customers include the major State electricity boards (SEB’s) and private utilities.
