
GENUS POWER INFRASTRUCTURES LIMITED

Sets up an Advanced Metering Infrastructure Lab at Smart Grid Knowledge Centre of Powergrid

Genus Power Infrastructures Ltd, has set up an Advanced Metering Infrastructure (AMI) lab at the recently established Smart Grid Knowledge Centre of Powergrid Corporation of India Limited (PGCIL) at Manesar, Gurgaon.

Recently, the Power Minister of India, Shri R.K. Singh had inaugurated this Smart Grid Knowledge Centre (SGKC) of PGCIL.

The SGKC is a resource centre for providing technical support in all technical matters, including development of technical manpower, capacity building, outreach, suggesting curriculum changes in technical education etc.

At this **Mr. Jitendra Kumar Agarwal, Joint MD commented**, “Genus has always been committed to playing a significant role in the digitization and power reforms phase of this country. Over the years, we have developed in house capabilities to manufacture technologically advanced products & Solutions and have successfully executed some differentiated orders.

The setting up of an AMI Lab is reaffirming our commitment towards the digitization and power reforms goal and we are proud to be associated with Powergrid in its smart grid mission.”

About Genus Power Infrastructures Limited

Genus Power Infrastructures Ltd, started in 1995, is amongst the largest players in India’s electricity metering solutions industry, with ~27% market share. Company is market leader in various kinds of meters and has developed ‘smart metering solutions’, with in house R&D centre. Company also has engineering, construction, and contracts (ECC) division which complements the existing meters business. Company has manufacturing plants across Jaipur, Haridwar and Guwahati with a total installed capacity of over 10 million meters.

Our key customers include the major State electricity boards (SEB’s) and private utilities.
